Since 1957

JOIN OUR BATTERY CONSIGNMENT PROGRAM TODAY!

We are proud to offer premium expert services that help you take your shop to the next level. Our Battery Consignment Program offers competitive pricing and will help you turn bays faster. There are no up-front payments and no ordering. Our program offers customized local service, hot-shot delivery and free racking.

Choose from our full application coverage of AI Branded Batteries and AGM Batteries. Our AI Batteries are made in the USA by Johnson Controls, Inc. They meet the increasing electrical demands on newer vehicles and consistently meet and exceed industry standards for performance testing. Our AGM Batteries have superior life – up to 2x vs. flooded and are durable and maintenance free. Their high charge acceptance, excellent starting power and high heat durability result in ultimate performance. Both come with a free 2 year replacement warranty.

Join today to improve your sales and profits. Some restrictions may apply. Contact your local Autopart International to learn more.
