

AUTOPART INTERNATIONAL®

PREMIUM PARTS~EXPERT SERVICE

Since 1957

Pro-STRUT™

Free Limited Lifetime Warranty
(Saturn Vue 2006-2007)

Ours

Torque Bearing Test

- 2N.m
- Lower resistance

Piston Rod Roughness

- Ra 0.064µm
- Smoother surface

Salt Spray Testing for 300hrs @ 5% NACL solution

- 0.6% Surface degradation
- Higher corrosion protection

Damping Force Test

- **Extension Stroke Force**
1.6% average difference from OEM
- **Compression Stroke Force**
Average 4.1% difference from OEM
- Closer to OEM specifications

Paint Film Thickness

- 36µm
- Thicker paint = better corrosion resistance

Competitor M

Torque Bearing Test

- 2.8N.m
- Higher resistance

Piston Rod Roughness

- Ra 0.077µm
- Rougher surface

Salt Spray Testing for 300hrs @ 5% NACL solution

- 0.8% Surface degradation
- Lower corrosion protection

Damping Force Test

- **Extension Stroke Force**
30.6% average difference from OEM
- **Compression Stroke Force**
Average 27.2% difference from OEM
- Higher variance from OEM specifications

Paint Film Thickness

- 20µm
- Thinner paint = less corrosion resistance
